FISHING TRIP After much professional input it was decided that the best fishing is not July or August. A launch trip will be scheduled for the last part of September on Mille Lacs. We can have our own launch with 10 members otherwise we have to go on an open launch. Right now we have Jim, Noe', Dale, Walt and Cary interested. Call Cary 629-3414 if you want to go.

NEWSLETTER Chancellor Jim Hatz will be doing the newsletter from now on. After being an officer for 5 years I no longer hold any office. Most of the newsletter information is gathered at the officers' meeting and it is imperative that the chairman be there. It will be a great help to Jim if you have an e-mail address that you get it to him. [jim.hatz@gmail.com](mailto:jim.hatz@gmail.com)
